OBJECTIVE

Data Analyst Apprentice at Idox Group with hands-on experience building API-driven Power BI dashboards, automated Python/SQL data pipelines and data-quality checks. Seeking an entry-level Analyst role in business intelligence and consulting.

CORE COMPETENCIES

Data Analysis & Interpretation • Dashboard Development • Business Insight Generation • Stakeholder Reporting

TECHNICAL SKILLS

Programming	Python (Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn)
Data & Visualization	Power BI, MS Excel, Statistical, Descriptive & Exploratory Data Analysis
Machine Learning	Supervised & Unsupervised Learning, Regression, Classification, Model Evaluation
Databases	MySQL Workbench, Microsoft SQL Server
Tools & Platforms	GitHub, Jupyter Notebook, MS Office Suite
AI Tools	Claude (Artifacts, MCP Connectors, Skills, Claude Code), Prompt Engineering

EXPERIENCE

Data Analyst Apprentice | Idox Group, Pune 2026 – Present

FusionLive Analytics

- **FusionLive Dashboard:** Delivered a Power BI report with Summary and Verbose views, using live API data, interactive filters and drill-through navigation.
- **Automated data pipeline:** Built a monthly Python → SQL → Power BI refresh with version-controlled extraction scripts, pytest unit tests and a SQL schema for historical data.
- **Analytical dashboards:** Created Support Ticket Intelligence, Module Adoption, Feature Usage Heatmap and Workspace Lifecycle pages to surface trends, alerts and adoption patterns.
- **AI-assisted analytics:** Used Claude with MCP connectors (Jira, Confluence) and Artifacts to pull project context, prototype data views and speed up scripting and documentation.
- **Data quality & performance:** Cross-checked dashboard counts against the FusionLive UI for 10 workspaces, documented root causes and resolved refresh bottlenecks.
- **Requirements & documentation:** Authored requirements, metric definitions, API field mappings and data source maps.
- **Stakeholder delivery:** Wrote a solo module integration spec and turned team feedback into a prioritised backlog.

EDUCATION

Master of Computer Applications (MCA) | Uttaranchal University 2025 – 2027 (Pursuing)

Bachelor of Computer Applications (BCA) | Sri Balaji University, Pune | CGPA: 7.86/10 2022 – 2025

Higher Secondary Certificate | Kendriya Vidyalaya, Bhusawal | 70% 2021 – 2022

PROJECTS

Aerofit Treadmill Customer Analysis | Python, Pandas, NumPy, Matplotlib, Seaborn 2025

- Performed end-to-end Exploratory Data Analysis on customer purchase data to identify buying trends.
- Segmented customers across product tiers (KP281, KP481, KP781) by income, age, education and fitness level.
- Generated actionable insights to support marketing strategy and product positioning decisions.

CERTIFICATIONS

Claude Course – Anthropic Academy 2026

Advanced Certification in Data Science & AI – 3RI Technologies 2025

Python Programming Certification – LinkedIn Learning 2024

ADDITIONAL SKILLS

- Drafting Change Requests (CRs) with scope, impact assessment and acceptance criteria
- Requirements gathering, user stories, gap analysis and requirement traceability
- Functional specifications, process mapping and data flow documentation
- Jira ticket management, backlog refinement and sprint collaboration
- Requirement walkthroughs, demos and stakeholder feedback prioritisation
